

GRANTS—Municipality: Local Government Studies

Grant Name	Purpose	Who Is Eligible?	How to Apply	Documentation Required	Other	Info from Grant Provider	Contact Info & Website	Grant/Program Type
Local Government Studies	The Department of Municipal Affairs provides funding to municipalities for studies to facilitate improvements in the efficiency and effectiveness of municipal government service delivery and administration, as well as to promote excellence in local government. The program is used to support local government studies including organizational reviews, viability studies, and municipal software development initiatives carried out by municipalities or	Municipalities	Municipalities requesting funding for such studies are required to submit a research proposal and budget to the Minister of Municipal Affairs. Proposals are reviewed and evaluated based on the applicant's need and the overall intent and focus of the study.	Research Proposal	Grants may be either conditional or unconditional depending upon the nature of the project, and are sometimes awarded on a cost-shared basis. This funding is allocated once the project is completed.	This funding is allocated once the project is completed.
